

	Type of Governor	Parent Governor
	Link Roles	<ul style="list-style-type: none"> - Sport - Curriculum (Foundation subjects) - Community Engagement/Stakeholders
	Date appointed	July 2013
Why I became a Governor	I wanted to understand the education journey that my children were undertaking. I also felt that it was important to be proactive within the school and in children's education, putting forward a parental opinion on the range of aspects that the role of a governor incorporates.	
The day job!	I worked in the NHS for years and recently left to work in the private sector.	
What do I contribute?	I am part of the Pupil & Curriculum committee and my link roles are Sport, Curriculum and Community engagement. I am passionate about Sport in schools and am very keen that ALL children participate and achieve in Sport. I am also aware that activity clubs such as drama, chess, and gardening are hugely beneficial to children's social and emotional development. I bring to the governing body a drive to develop these aspects.	
Do I have children at the school?	Yes
